

BAKE A NAME FOR YOURSELF

WITH KEMIN BAKERY SOLUTIONS

There are many factors—and ingredients—involved in baking the perfect baked goods, flatbreads and tortillas. Kemin knows how to help make yours better tasting, better performing, and longer lasting.

YOU'VE GOT CHALLENGES

- ▶ Food safety and microbial spoilage
- ▶ Oxidation and shelf life concerns
- ▶ Texture, sensory and quality concerns
- ▶ Ingredient and product formulation complexities
- ▶ Operational challenges including supplier and labor shortages

WE'VE GOT SOLUTIONS

- ▶ Food safety solutions
- ▶ Shelf life extension
- ▶ Texture, sensory and quality improvements
- ▶ Ingredient and innovation expertise
- ▶ Operational efficiencies that can reduce inventory and labor costs

KEMIN SOLUTIONS DELIVER REAL BENEFITS:

Batch pack and premix solutions for complete formulation support and sourcing

Dough conditioners and softeners for textural stability

Enzyme blends for improved flexibility, texture and sensory experience

Mold inhibitors to help prevent spoilage and mold growth

Oxidation solutions including traditional synthetic antioxidants, tocopherols and plant extract blends to protect against color and flavor loss

GIVING CONSUMERS EXACTLY WHAT THEY WANT

Consumers' shopping lists have never been longer than they are today.

Grocery shoppers may be on the lookout for baked goods that are:

- ✓ low carb
- ✓ high fiber
- ✓ clean label
- ✓ value priced

By matching your various formulation requirements with the proper solutions, Kemin can help you easily fulfill this demand and feature more varieties for your brand.

WHAT MAKES KEMIN DIFFERENT?

Our world-class quality solutions, combined with our culture of sustainability. Our expertise and innovation—and the way we meet your challenges, together.

SOLVING CHALLENGES, EVERY DAY AND ON TIME

Sourcing. Procurement. On-time delivery. Each one is its own distinct challenge; together, they can keep you from success in the marketplace.

Today's supplier shortages can cause issues for you, especially if your ingredient sourcing tends to be smaller volume.

At Kemin, our size and ability mean we can procure ingredients for multiple industries and leverage our buying power to ensure your supply, when and where you need it.
