

GET GLO-ING WITH KEMIN

For more than 40 years, Kemin has assisted egg producers in improving the value and quality of their eggs. Vibrant egg yolk color highlights the quality and care that goes into producing eggs. Kemin's carotenoid (pigment) portfolio includes a full line of products for use in conventional, organic, and natural feeds. Additionally, our Kemin Customer Laboratory Services can assist in verifying product inclusion and efficacy.

ORO GLO® Line of Pigmenters

ORO GLO products are a standardized source of yellow pigmentation from marigolds that allow egg producers to efficiently and cost effectively improve egg yolk color and increase lutein levels.

	Product Type	Raw Material	Color	Pigment Content	Packaging	Additional Information
ORO GLO® 15	Liquid	Marigold	Deep Yellow	15 g/kg 6.8 g/lb.	Bulk	Primarily used to pigment broiler skin.
ORO GLO® 50	Dry	Marigold	Orange to Brown	50 g/kg 22.7 g/lb.	20 kg bag	Highest concentrated product on the market.
Organic ORO GLO®	Dry	Organic Marigold	Dark Orange	10 g/kg 4.5 g/lb.	20 kg bag	Manufactured to the United States Department of Agriculture's National Organic Program standards for use in organic poultry production.
ORO GLO® N	Dry	Marigold	Orange to Brown	45 g/kg 20.4 g/lb.	20 kg bag	Does not contain ethoxyquin. Formulated for use in natural production programs.

KEM GLO™ Line of Pigmenters

KEM GLO products are a standardized source of orange/red pigment from paprika that when used in combination with ORO GLO allow egg producers to achieve even higher yolk color scores.

	Product Type	Raw Material	Color	Pigment Content	Packaging	Additional Information
KEM GLO™ 5	Dry	Paprika	Orange to Red	5.0 g/kg 2.3 g/lb.	25 kg bag	Low pungency paprika with high color concentration.
Organic KEM GLO™	Dry	Organic Paprika	Orange to Red	2.2 g/kg 1.0 g/lb.	20 kg bag	Manufactured to the United States Department of Agriculture's National Organic Program standards for use in organic poultry production.

Differentiate your eggs using Kemin's full line of pigmenters that includes both ORO GLO and KEM GLO. VISIT **KEMIN.COM/GLO** TODAY.
